

Accessories- Auto Lifters

Controlled by advanced intuitive controls, these auto lifters allow for consistent pasta with the convenience of “set and forget”. Great for busy kitchens where staff must multi-task, and eliminates risk of over/undercooking.

Up to two auto lifters can be installed onto each pasta cooker (one on each side), allowing a maximum of 6 baskets to be operated on automated timers.

**Please note that due to the auto lifter attachment arm taking up extra space, the baskets used in this configuration are a different size from the non-lifter variants. Only compatible lifter baskets may be used with the autolifters.*

**Comes without plug*

Auto Lifter (3 Basket Lifter)

Item	49164
Capacity	3
Power	0.8 kW
Electricals	230 V / 60 Hz / 1 Ph
Weight	55 lb (25 kg)
Dimensions	8" x 36" x 46" (203 x 914 x 1168 mm)
